

**LOVE YOUR NEIGHBOR PROJECT'S  
ALL YOU NEED IS LOVE NSCSD SCHOLARSHIP APPLICATION**  
Open to all students in the North Shore Central School District

**Purpose:**

Love Your Neighbor Project's All You Need is Love North Shore Central School District Scholarship awards one (1) class, group, or club from each school within the North Shore Central School District (NSCSD) in grades K-12 whose proposed community project best aligns with LYNPs mission of connecting to social goodness.

**Social Goodness**, as defined by LYNP, describes everything good that connects us to others. The phrase to sum up: integrity, honesty, kindness, generosity, and empathy. The words that describe meeting neighbors where they are, not where we believe they ought to be. It's playing in the sandbox together. It's ending the labeling, judging, shaming, and blaming that happens within a community. It's sharing our humanity with one another and respecting each other even when we don't agree. Social goodness is a willingness to stand with a neighbor whose experiences do not match our own while making room for the experience they are having.
